Draw, Write, Read, and Create our Butterfly Book

Visit: https://dcir.org/explore-making-books for the Monarch Butterfly Book lesson film

Supplies

Orange construction paper cover with **printed lesson pages** inside
-blank sheets are for title page and additional blank sheets as students learn more about the amazing Monarch Butterfly or interesting moths they discover.

A **pencil** and the following **Crayola brand crayon** are also needed:
Forest Green, Lavender, Goldenrod, Yellow Orange, Orange, Yellow, Sea Green, Timberwolf, Sky Blue, Periwinkle, Carnation Pink, Red Orange, and Robin's Egg Blue

This book lesson is roughly 2 hours in total. You can play and pause the film as needed.

Students will draw and write facts about the metamorphosis of the butterfly in a fun, engaging, step by step lesson. At the end, the students will end up with a nature journal for butterflies that they can continue to add as they learn more.

Login to our site for over 600 more step by step lessons. This curriculum will build fine motor skills, attention span, hand-eye coordination, improve handwriting, teach interesting facts about the subject, and provides a visual vocabulary that lasts a lifetime.
